Such plans shall require the Director, after consulting with faculty members, to notify the parents and/or guardians of all students in the Academy that they may schedule conferences with teachers and administrators to discuss educational matters related to their child. Said notification shall be in written form and shall identify the procedure for scheduling a parent/teacher conference.

Parent-teacher conferences must be scheduled at times that will not interfere with the teacher's/teachers' instructional-responsibilities, preferably at the close of the school day or during the preparation period.
